

### **Sports Medicine**

The Sports Medicine Team at Collegium is a new facet of the athletics program that has been formed this 2016-17 school year. It is comprised of the on-campus NovaCare athletic trainer, physical therapy staff at NovaCare Rehabilitation and the team physician, Dr. Kelly Murray, at Premier Orthopaedics. Next day appointments, interdisciplinary communication and great patient care are some of the benefits of choosing the sports medicine team as your child’s healthcare providers. If a non-emergent athletic injury occurs, please direct your child to the athletic trainer, located in the high school, where she can evaluate the injury and help to guide you through the best plan of care for your child. If you have any questions about the sports medicine team, please contact the athletic trainer.

### **Physicals**

Athletes who intend to participate in a sport for the 2016-17 school year are required to complete the following forms:

1. Sections 1-6 of the PIAA Comprehensive Initial Pre-Participation Evaluation (CIPPE)
2. Emergency Contact Form
3. ImPACT test Consent Form
4. Permission Form

All four forms must be completed and submitted to the Athletic Office for review in order for a student to be eligible to participate in tryouts, practices and games. **All forms must be dated after June 1, 2016.**

***If your child is a multi-sport athlete, the Re-certification by parent form (Section 7) will need to be completed before participation in their second and/or third sport of the year. It needs to be dated within 6 weeks of the start of their winter and/or spring sport.***

***Within the Re-certification form (sections 7 & 8), if any of the Supplemental Health History questions are answered “yes”, the Re-certification by Physician (Section 8) will need to be completed. This page can only be completed by a physician, not other Authorized Medical Examiner’s such as a PA, CRNP or SNP.***

***If you have any questions, please call the Athletic Trainer at (610) 903-1300 ext. 6615.***
